If you're enrolled in a Western Digital Anthem Medical plan, DRIVE Wellness works like an "in-network" provider with fees dependent on your plan (Anthem I or Anthem II). Any fees paid goes toward your yearly deductible, and once your deductible is met you only need to pay the co-insurance.

If you are enrolled in Kaiser, you are welcomed to use the services provided at the Center, but any fees paid do not go towards your annual deductible or co-insurance. Additionally, employees who have waived coverage thru Western Digital will have access to the Center and would pay the cash fee for services. Services can be paid via a credit card (VISA, MasterCard, Discover and American Express) or debit card. Health Savings Account (HSA) Payment Card are also accepted.
